"..a fantastic experience balancing creative and technical exploration"

Kel C - Senior Program Engineer

"In healthcare; we are often risk-averse, pensive and follow structured guidelines or protocols. We don't have the ability to iterate or learn from our mistakes. Mobil was a fresh reminder that it is productive to explore and express new ideas. It was also a great way to connect with people on a different level than is possible in my workplace."

What

This is not your average corporate teambuilding.

In our 2-hour workshops we'll guide you through our innovative, interactive, and hands-on program. Our custom, fun-first formula is designed to get everyone's creative juices flowing. Your team will collaborate and create together, resulting in memorable visual keepsakes.

Why

The pandemic has affected everyone — our lives and work have been fundamentally impacted. Now more than ever we need new and meaningful ways to connect as we move forward.

Mobil's fun-first formula will help your team reconnect, recharge and ignite the creative spark.

Where

In-person or Zoom

In-person is location dependent, following Covid-19 guidelines

When

When it works for your team — we got you covered.
